Bachelors Degree in Marketing and Sales

Program duration:

2 years and 8 months

Professional profile:

This program provides students with an understanding of basic marketing structures and processes and the skills necessary to be able to analyze and solve marketing problems and opportunities. The program also provides a foundation for postgraduate programs, considering topics such as digital marketing, data analysis, business intelligence, among others.

Graduate Profile:

Graduates of this program will apply key disciplinary skills as business professionals to critical business problems in finance, marketing, information systems, research methodologies, economics, business law, management, and accounting.

Possible jobs:

In marketing agencies, public relations agencies, advertising agencies, market research areas or teams, or big data departments, etc.

Benefits:

Marketing studies provide a unique competitive advantage: learning to promote yourself and your work. After all, marketing studies help to understand the true meaning of value: the value of the product and the value of the person or brand that delivers that product.
