Master in Business Administration in Human Resource Management

Duration of the program:

1 year and 4 months

Professional Profile:

Students will gain insight into ethical issues and business problem solving through courses that incorporate individual and group work, written assignments, and oral presentations. This program presents the building blocks of theory and application that focus on basic business principles, personnel management and retention, labor and employee relations, diversity management, and organizational development.

Graduation profile:

The program focuses on integrated learning experiences in which students develop problem-solving and team-building skills. The program is designed for students who want a broad understanding of business operations with an intense focus on the area of Human Resource Management.

Possible jobs:

They can work in companies in the areas of administration or as a specialist in human resources, human talent manager, rewards or professional development.

Benefits:

This program provides a professional identity locally and internationally thanks to our faculty members, all of them recognized experts in the specific application of knowledge and technological tools within their fields of work. The targeted study will equip students with the most sought-after skills required to succeed in Human Resources while completing the strategic circle through organizational management courses.
